**16:00 - Spectral Photon Counting CT Inauguration
CERMEP, 59 Bd Pinel - 69500 Bron**

Dear Colleagues,

We are pleased to invite you to the first Spectral Photon Counting CT Workshop in Lyon (7-8 September 2015).

This international meeting will offer an update on newly development in detector technology, CT Image Reconstruction, Spectral CT Contrast media development and pre-clinical and clinical perspectives on this newest CT technology. There will also be the opportunity to visit the Spectral CT located in our Research Imaging Center CERMEP on September 7 after the inauguration.

**19:00 - Social Event - Boat Cruise on the River
13 bis Quai Rambaud, 69002 Lyon**

You will have the opportunity to visit Lyon from its rivers the Rhône and the Saône. The cruise will pass the Renaissance Old Lyon district along the banks of the Saône River. We will then reach the Ile Barbe, in a natural and secret setting, at the edge of the city.

And we will go down to the Confluence, an urban and innovative area.

Looking forward to welcoming you to Lyon
On behalf of the scientific committee,

Best regards
Philippe Douek
