Transfer public research inventions to privately-held companies

Startups building & technology transfer

- \checkmark Protection of the invention (IP)
- ✓ Market analysis
- Think tank on the best way to give value to the invention

INNOVATION

- ✓ Active search for co-development partners : companies or entrepreneurs
- Development of the invention / industrial specifications

TRANSFER THE INVENTION TO A

A company expresses strong interest in the project : PULSALYS grants a licence to exploit the technology.

PULSALYS - Laetitia Roux - PRIMES - 13/09/2017

SET UP A STARTUP

PULSALYS supports startup businesses in its own business incubator, and grants the startup a licence to exploit the technology.
